

TGB Blade 425SL Quad Bike

£ 0

📍 Tewkesbury, South West

**P & D Engineering (Bredon) Ltd**www.pandengineering.com**01328 863812**

The Blade series heads up the next generation in ATV technology, with unrivalled levels of specification whilst delivering excellent value for money. Equipped with high torque engines these machines are built to cope with the most severe conditions. Designed to withstand the rigours of the everyday use required on a working farm or smallholding.

The Blade 425 features a powerful and smooth 403cc liquid cooled engine. This model is designed specifically for off-road use. It is fully automatic and at a weight of only 303kg with 29BHP it supplies ample power for all terrain use.
