Compact, powerful, lightweight and extremely quiet, the STIHL Compact Cordless System lets you achieve the perfect finish, no matter the task at hand. The blowing force of this powerful yet light blower is perfectly suited to clearing leaves, twigs and light debris from around the home and garden. Designed with comfort in mind, the BGA 56 is well balanced, length adjustable and easy to control. It's a great time saver compared to raking or sweeping up leaves. Comes complete with AK20 Battery and AL101 Charger. Battery compatible with other Compact range of tools but not with Cordless AP Pro range. Available for home delivery
